

FCC Rate Regulation Impact Survey
Supplementary Information

Line 9-12

On August 30, 1993 the survey system began selling all of the services not included on its basic tier on an individual per channel basis. As a result the system no longer has tier offerings above the tier one level. The new prices for the individual channels as well as equipment prices are included with the attached rate cards and channel lineups.

Line 17-18

If more than one rate was in use for remotes and/or A/O's the survey answer reflects a weighted average of these rates. Note that this only applies to the 4/5/93 period

FCC Rate Regulation Impact Survey
Supplementary Information

Line 9-12

On August 30, 1993 the survey system began selling all of the services not included on its basic tier on an individual per channel basis. As a result the system no longer has tier offerings above the tier one level. The new prices for the individual channels as well as equipment prices are included with the attached rate cards and channel lineups.

Line 17-18

If more than one rate was in use for remotes and/or A/O's the survey answer reflects a weighted average of these rates. Note that this only applies to the 4/5/93 period
